

*Based in a corner of East Yorkshire.....*

We are proud to be supplying something unique and different.

Laurel Vines is family owned and run, with everyone playing a part in the vine growing, picking and the wine production. They are based in the small hamlet of Aike in East Yorkshire. A very rural location based betwixt the market towns of Beverley and Driffield.

These wines are exceptional! We recently had a French wine buyer for a major supplier visit us at Rowley, he was astounded with the quality that has been produced.

Laurel vines is a low carbon, low environmental impact vineyard with a Winery on site.

They have produced some amazing, first class wines and have been awarded Winemaker & Grower of the Year 2018

Taste guide: [1] dry | [2] medium dry | [3] medium  
[A&B] light, fresh, smooth | [C-E] Rich, full, intense

**Rosé** **750**
